The Organizer reserves the right to publish in a bulletin the place where the optional advertisement must be applied on the cars. Infringements to the regulations on advertising may be penalised at the discretion of the Stewards.

4. GENERAL OBLIGATIONS

4.1 Verifiche

Both crew members must be present together with their car at the pre-event scrutineering following the programme (art. 1 of the Regulations) and the individual scrutineering times. Any delay on the time of presentation will be penalised at the discretion of the Stewards. The administrative checks are intended to ensure the compliance of the administrative and sporting documents required for the admission to the race (licenses, AC association, physical fitness certificate, driving license, etc.) and the conformity of vehicles to technical and safety regulations.

During scrutineering the Technical Scrutineers will check the correct positioning and the compliance of the belts and their fixings, the seat, the head restraint device fixings on the helmet, the helmet and fireproof clothing .

4.2 Safety of the crews

- During the special stages drivers must wear an approved helmet and have their seatbelts fastened, together with the head restraint system and its safety devices, under pain of exclusion.
- All Drivers found not in compliance with international or national regulations relating to clothing/safety devices must be excluded from the race and referred to the Sporting Justice..
- Every car must carry a red reflective triangle which, in case the car stops along the race route, must be placed in a visible position, at least 50 metres behind the car..
- In case of an accident which does not require immediate medical intervention, the "OK" sign in the car will have to be clearly displayed to at least the three following vehicles.
- Should medical intervention be needed, the sign with the red SOS symbol on board the car has to be displayed, with the race number, if possible, to at least the three following vehicles.
- Crews forced to retire must inform Race Control as soon as possible
- The Stewards will take provisions against drivers who do not observe the provisions of this Article.
- A "GPS tracker" Tracking System is compulsory for all the competition cars, for exclusive use of support to Race Control, as foreseen in the NG Rally.

4.3 Identification of the crew

Each driver has to provide two recent cm. 4X4 photos. At scrutineering the photos will be applied to the "Crew Identity Card" which must be displayed inside the rear side glass, on the driver's side, throughout the race. The identity card must be visible from the outside. The use of silver or tinted films is authorized, on the side windows, the rear screen and the glass sunroof as per App.J Art.253.11: The silver or colored films used on the front and rear side windows must be fitted with an opening with an area equivalent to a circle of 70 mm diameter to allow to see from outside the driver, as well as the car's interior.

4.4 Reconnaissance

Reconnaissance will be carried out, after delivery of the Road Book and reconnaissance card, according to Art.1 of these Regulations, with strictly standard cars, without any racing apparel. For each Special Stage a maximum of three passes is allowed; "chase" vehicles which precede reconnaissance cars and radio links on reconnaissance cars are forbidden. Any reconnaissance done outside of the given days and hours will be considered a very serious violation and will be communicated to the Clerk of the Course for the consequent provisions.

4.5 Shakedown

The road "final part of S.S. "Torrenieri-Badia-Castiglion del Bosco" will be available for competitors from 9:00 to 12:00 on 23/11/2017 to test the rally cars.

Shakedown will be optional. Drivers wishing to take part will have to pay a fee of € 150,00 + VAT

4.6 Respect of the Road Code

All along the race route open to traffic, crews must behave in compliance with the rules of the Road Code and with all applicable provisions, including municipal regulations and any special ordinances of the local Police. Crews failing to comply will undergo disciplinary measures as per Art. 1.17 of the NG Rally.

4.7 Service

Any intervention, work and refueling done on a competing car is considered Service, as well as the presence, within a kilometre from the competing car, of personnel or any means of transport belonging to the competitor or to the technical team of the crew (subject to the exceptions provided for in Art. 13.2 NG Rally) and leaving for any reason of the route indicated in the road book.

During the event, service has to be carried out exclusively in the service area. Service outside of the service areas, ascertained by the officials, will result in exclusion from the race, and if the race is valid for a national title, the loss of the points until the present race.

4.8 Tyre number and checks

It will be possible to use a maximum of 12 tyres excluding those used for Shakedown and Super Special Stage. All competitors with WRC, R5, Super 2000, R4, N4, A8, K11, Super 1600, R3C/T, RGT, FGT, R2B and R2C cars must hand on to Scrutineers, at the exit of each Service Area starting from Service Area A (T.C. 1D Ferrantina OUT), using the dedicated form, the list of bar codes of the tyres fitted on their car.

The list of bar codes of the tyres on the car must include, in the relevant section of the form, also the bar codes already previously mentioned, until reaching the maximum number of tyres allowed.

The Scrutineers may, at any time during the Rally, check the correspondence between the tyres declared and those actually on the car, including through additional identification systems other than bar codes.

It is the sole responsibility of the Competitor to ensure the correct delivery of the bar codes of the tyres used. Competitors to which errors and/or discrepancies were notified will be sanctioned with the exclusion from the Rally of its crew.

4.9 Refuelling

The Crews will use only official fuel, distributed in refuelling zone.

The Crews with GPL or Diesel cars, will refuel only in refuelling zone.

The Crews with GPL cars, will also refuel in gas stations.
